Former coworkers
say that I am:

- * Hard working
- * Logical
- * Team player
- * Curious
- * Passionate

Programming

JAVA

- JEE
- Spring-boot
- Thymleaf
- jpa (Hibernate)

.NET

- C#
- asp.net mvc
- entity framework
- ado.net
- mssql/sql server

WEB

- html 5
- css3
- Bootstrap
- Materialize
- Javascript
- React.JS
- PHP

OTHERS

- MySQL
- Git/Github
- Json
- C
- api REST

Softwares

IDE

- Visual studio 2019
- Visual studio code
- Netbeans
- Eclipse
- Atom

OTHERS

- Sql server management studio
- SqlYog
- Github Desktop
- Photoshop
- Illustrator

Formations

- Bachelor's degree in computer sciences : since September 2018 - now
(evening classes) **IPAM La Louvière**
- .Net software architecture : 08/04/2019 - 27/09/2019
Technofutur TIC Gosselies
- Training courses in programmation basis : 14/01/2019 - 21/03/2019
Technofutur TIC Gosselies

Professional experiences

Ruby/Ruby-On-Rails developer at Qiwie

14/06/2021 - 13/08/2021

Traineeship

I developed a website with a team of trainee that permit to people to create their job profile and help them to find a job.

We used RoR, Postgresql , RoR template for the frontend, Git, ...

.NET Developer and React Developer at Lisam system Ecaussines:

3/02/2020 - 13/03/2020

Traineeship

I developed from scratch a web app to manage projects and clients in order to improve their communication.

During this traineeship, I made:

- a customer demand analysis before coding.
- the back-end in .NET/C# (I learned to make an API)
- the database with entity framework (learned on the spot)
- the front-ed with React.js (learned on the spot)

Languages

- French : mother tongue
- English : good technical skills
